Challenges for Russian Educational Policy

Accessible, high-quality and competitive

Open Educational Resources & ICT

Online educational resources

Inclusion

Life-long learning + STEM
Russian system of provision access to tertiary education for people with disabilities

(currently in Russian HEIs there are 24,300 students with disabilities, less then 1% of the total number)

• Based on Law
• Network of resource centres (21) interconnected with HEIs (369) covering the whole territory of the country
• Internet portal providing also on-line courses and other forms of support
• Trainings for universities’ staff and student volunteers to provide necessary assistance
• Interaction with employers
Thank you for your attention
